Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular,
I OBJECT to the definition of "inordinate amount" which restricts the availability
and the right to obtain medically necessary compounded medications by limiting
the number of prescriptions that can be shipped across state lines from specialized
compounding pharmacies.

COMMENTS:

As I have approached perimenopause and
deal with PMS - I have found what natural
hormone replacement through compounded ^{prescriptions} medications
put together especially for me can do for me. My
doctor is working with me - and I feel very safe &
confident in using this way - This is the answer
for me!! - and I want to continue as I
have been doing! Don't take away what
so many many have found to be
safe and beneficial!!
